# LIVING YOUR TRUE COLORS

Ever scrolled through TikTok and seen those chameleon videos? One second they're green, then *bam* - they're blue, orange, or whatever color they need to match their surroundings. It's their ultimate survival hack - blend in and stay safe.

**BUT HERE'S THE THING** - that might work for lizards, but it was never God's plan for you.

When you said yes to Jesus, something way bigger than a color change happened. The Holy Spirit didn't just give you a spiritual Instagram filter; He completely rewired who you are from the inside out. God's whole point wasn't for you to disappear into the crowd - it was for you to stand out from it.

See, your faith isn't meant to be a filter you switch on and off depending on who's around. It's meant to be your authentic identity, your true colors shining through every single day.

Welcome to The Chameleon Project – a 7-week journey about breaking free from the pressure to blend in. In a world full of filters, trends, and fake people, this is your invitation to be real. Because let's be honest – the world doesn't need another copycat. It needs you – the authentic, unfiltered, Spirit-filled you.

Here's what's wild: When you start living in your true colors, something unexpected happens. People actually notice. They're drawn to what's real. Your authentic faith becomes a light that others want to follow. So here's the question that'll drive us for the next 7 weeks:

## What Are Your True Colors?

It's time to find out. It's time to stand out. It's time to shine.

*"You are the light of the world. A city set on a hill cannot be hidden."  
Matthew 5:14*
