

## ABOUT SPORTS REC

### Play to win...your friends to Christ!

Everybody loves sports! Whether it's catching the game on TV, feeling the rush of a live match, or getting out there and playing yourself, the passion for sports is undeniable. And guess what? This excitement isn't just out in the world – it's in our churches too. Recreation is the top program people want.

But here's the thing: while our love for sports is soaring, our zeal for personal evangelism is falling behind. So many of us find it tough to share our faith with those who don't know Christ.

That's where Sports REC comes in. We're not just playing games; we're using them to make an impact for the Kingdom. Imagine turning every match, every game into a chance to win souls. Schedule a Sports REC Event, and you'll be playing with a purpose – to win your friends and family to Christ.

And we don't leave you hanging. At a Sports REC Clinic, you'll get the tools and training you need to host an event that's not just fun but life-changing. So, let's get out there, play our hearts out, and share the love of Christ through every game we play!

## YOU HAVE TO PAY TO PLAY

A Clinic can fluctuate in price based upon several variables including event cost's, facility usage fees, guest speaker fees and expenses. For instance, a clinic that includes golf & paintball and an active pro athlete will cost more than a clinic that includes ping pong, disc golf and a former athlete.

**THE GOOD NEWS?** We will custom create a clinic that fits your clients and your budget!
